Gold Countries Will Defend Currency.

M. BONNET'S STATEMENT

London, To-day. M. Bonnet, French Finance Minister, in an interview with Reuter yesterday, said that

the meeting of the gold countries, yesterday afternoon, was engaged on drafting a most definite and most resolute statement on currency stabilisation.

Gold countries were completely unanimous on the necessity of defending to the utmost, the stabilisation of their currency.

Gold standard countries at the conference were preparing a declaration of their own views and it would be left for Britain and America to join in, if they wish.

The French assert that a declaration will be issued whatever happens.—Reuter.

Dollar Mumps Causes Apprehension.

DEMORALING EFFECT ON

London, To-day. The stabilisation of currencies remains the crucial factor at the World

on one end of which inflationist America is calling for elasticity, while on the other end France is calling for fixation.

The preservation of the United States boom and the gold standard in European gold countries are seemingly irreconciliable objectives, but there is emerging, in administrative circles in Washington, according to wellinformed correspondents, some apprehension over the downward course of the dollar and its demoralising effect on world monetary relations.

Some are of the opinion that the dangers of the present policy are greatly outweighing its advantages.

There are indications that the authorities may modify their hitherto uncompromising attitude towards all schemes of temporary stabilisation and are prepared to discuss means whereby dollar fluctuations are limited, but this change of opinion does not necessarily imply that President Roosevelt will agree; to any immediate currency agreement which arrest his cherished rise in internal prices.

Developments seem to be dependent upon which end of the seesaw Mr. MacDonald inclines his weight, and in the nitantime, the possibility of President Rossevelt consenting to international exchange control in order to curb speculation, is not likely until Britain has indicated whether she intends stabilising provisionally under terms of gold or not.

In any case, the gold country delegations are expected to issue a statement to-day, affirming their intention of mutual support of the maintenance of the gold standard. -Reuter.

3.315 Inches Of Rain In 24 Hours.

UNUSUAL TRACKS OF DISTURABANCE

Gusts of over 50 miles an hour were experienced at the Royal Observatory yesterday evening, when the depression or typhoon, passed close to the Colony moving in North-Easterly direction.

. The track of the disturbance is reported as unusual, and it was not at first expected to pass so close to

Heavy rains fell throughout the night, 1,67 inches falling between the hours of 7.30 and 10.30 p.m., while 3.315 inches fell chiring the 24 hours ending at 10.30 this morning.

The weather report issued from the Royal Observatory this morning states, the gale of June 29 and 30 was produced as the result of the low pressure over the China Sea since June 21, and the depression probably commenced to develop near the Paracels on the morning of June 28

The depression followed Northerly track and entered the coast to the West of Macao yesterday morning, where, in combination with the low pressure existing over South China, it produced the high winds and AND rains experienced since vesterday afternoon.

### RESTRICTIONS REMOVED

Full Water Supply. To - morrow.

In a notice from the Director of Public Works, It is notified that, commencing from tomorrow, a constant supply of water will be given in all districts of Hong Kong and Kowloon.

The depression is situated this morning at about 80 miles North-North-East of Hong Kong, moving in North-Easterly direction or filling tip. (Continued on Page 12.)

Taipo Road Landslide. A small landslide occurred on the Taipo Road near the Kowloon Waterworks last night at 10 p.m. Work in clearing the road was carried out immediately on the repost from the Talpo Rallway Station, and the road is now clear for traffic.

Weather Forecast Cloudy, squally with rain, and moderate South-West winds, is the weather forecast issued by the Royale Observatory this morning.

**Smart Accessories For** New Paris Mode.

An extremely smart costume which is very much in favour with the younger Parisian woman, is the Bruyere suit of black knitted

This suit is made with a beited jacket, somewhat reminiscent of the old Norfolk jacket, with two overlapping pockets on each side of the front, each fastened with a large black button. There are also three similar buttons closing the front of the coat which is without revers.

The skirt is a plain wrap-over. The distinguishing feature of the costume is the high button-on collar of white linen, and the wide flaring cuffs of the same materials. There is a sort of turtle neck effect in the collar, very becoming to the young woman, but rather difficult for older women.

The costume is worn with one of the new pointed high hats that are of ingredients and cook slowly ten just beginning to be seen here in minutes. Stir frequently. Paris. White doeskin gloves and perforated leather exfords completed the costume:

R. F. Luz bowled remarkably well

on Saturday, and if he repeats this PROMOTER OF GAME AT LR.C form it is almost certain that he will best F. Cullen in the Third Round of the Colony Championship. Against J. C. PER CENT. RECORDS

F. LUZ, the 1929 Colony champion, is leading the premier league skips' record with five wins in seven matches. Seven other skips have the same number of wins, but Luz's record of 69 shots up gives him pride of place.

W.V. Field, the Craigengower skip, heads the junior division with an unbeaten record. His average is almost 10 shots up per match.

R. Wallace (Taikoo Docks) is the only senior skip with a 100 per cent. record. W. V. Field, W. H. B. Muskett (Electric), Sir Thomas Southorn (Yacht Club), R. R. Davies (Civil Service), A. R. Dallah (Indian R.C.) and C. Lopes (Recreio) are the junior skips with 100 per cent. records. H. Alves (Recreio) is unbeaten with two tied games out of three.

### TOURISTS AVOID CHINESE CHOW

Wealthy Travellers Found "Finnicky."

1933 VOYAGERS "REFINED"

"What are tourists most interestdoing and seeing when they ome to Shanghai for the first time?" writes Earl H. Leaf in the Shanghai Evening Post.

Generally speaking, men want to see Shanghai's famous cabarets and women want to visit the shops and buy things-mostly trinkets, linens, laces and dainty unmentionables.

That's the opinion of Mr. H. A. Thompson, and he ought to know, for he is travel representative of the American Express Company in Shanghai and comes in contact with thousands of tourists annually.

"It all depends upon how much time-they have here, Mr. Thompson said. "Most of the Dollar ships are here only one day and part of a night so the tourist try to cram as much sightseeing into those brief hours as possible.

The Popular Trip.

"The most popular excursion in Shanghai is the half-day trip along the International, French and Chinese Bunds to the Native City with visits to the Willow Pattern Tea House. Mandarin Gardens, Old Temple, bazaars and motor rides through the French Concession, to the Convent of Siccawei, Lungwha Pagoda and Temple.

"When they have taken that trip with experienced guides they like to wander around and explore by themselves for a while.

"The women want to shop. If they are going to Peiping they usually purchase most of their Chinese antiques and souvenirs there. But most of them are here for only a day and they find many splendid shops in Shanghai where they can get these things.

Embroideries And Laces. "Snanghai is the place where the

No matter what the contest results Vera and Lyette will carry memories of a thrilling first voyage home with them. The Empress of Britain, one of the world's fastest liners, broke two records for them, and a combination of fast ship, fast plane and fast train gave "the two pretty girls the distinction of making the fastest voyages from London and Paris to Chicago ever recorded.

They travelled so fast all the way that Miss Teppaz, who lunched in Paris, Friday, May 18, found herself breakfasting less than six days later in Chicago, May 25. Miss Fleck's record was from breakfast to breakfast.
